

Bryony Turford – Curriculum and Quality Improvement

I am mum to a pupil currently in Year 11 at The Snaith School.

My governance experience and background includes:

- A co-opted governor at Kellington Primary School for 6 years
- 4 of those as vice-chair.
- During that time we oversaw the creation of and joining of the new STAR multi-academy trust and Kellington becoming an academy.
- I became a governor at The Snaith School in September 2021

My professional working life has involved working with and for several other Yorkshire based MATs at both primary and secondary. I bring with me lots of experience of education and governance as a qualified primary teacher for over 25 years. My professional life has included delivering high quality professional development for leaders, classroom practitioners, trainees and ECTs for over 20 years. I am a Chartered Science Teacher (CSciTeach) and have a CPD Mark as a lead facilitator. I co-authored '100 ideas for Primary Teachers – Science' from Bloomsbury and was part of the author team for SNAP science, a primary framework for teaching from Harper Collins.

I am the Regional Hub Leader for the Primary Science Quality Mark (PSQM) for Yorkshire and the Humber I am also a proud fellow of the Primary Science Teaching Trust (PSTT). I hold a number of part time roles including with The Ogden Trust, a physics charity, co- direct my own limited company, My Science Club Ltd and work as a freelance primary science consultant.

I am passionate about all things education, especially primary science and inspiring teachers and children to make learning engaging, hands-on and meaningful.
