June 2024

Dear Parent/Carer

Camera Use Agreement

As part of your child's GCSE Photography/Art course they will be required to complete independent photography work outside of school hours. If pupils have not got access to a camera at home, we have some cameras which will be available on loan through the Art Department.

Whilst the camera is in your child's possession, they will be responsible for it. Therefore, we are writing to ask your permission for your child to have the use of the camera if needed. Obviously, they will be responsible for its safe keeping and proper use. We do hope they will enjoy this opportunity.

Please read the agreement attached and indicate your permission on the reply slip and return it to school via email to office@thesnaithschool.org.uk or to the Art Department as soon as possible.

Yours faithfully,

Mrs Nichols
Subject Leader of Art
