

5<sup>th</sup> March 2025

Dear Parent / Carer,

I hope that your child has had a positive start to the new term. It is always a pleasure to walk around school and see our curriculum in action, pupils enjoying their learning and engaging positively with each other and our staff.

We recognise that pupil learning is strengthened by close partnerships between our school, our parents and our community. I consider it important that you are fully informed and frequently updated with what your child will be learning in school to allow you to best support them at home. As a school we have worked hard to create and deliver a high-quality, well sequenced curriculum that we are proud of and I am delighted to enclose a summary document detailing our subject content for the coming half term. As always, we will update you on a half-termly basis so you are up to date on what your child is learning in school.

Homework is a key element of your child's journey through school, teaching independent learning techniques, building resilience and supporting further learning and achievement in school. We are currently reviewing the homework your child receives and will communicate the outcomes of this shortly.

Full details of the knowledge, skills and vocabulary your child will learn during their time at The Snaith School are detailed in our 'curriculum guide'. This can be found on our school website and is a subject-by-subject guide to our curriculum and how it is sequenced to best support your child and their achievement.

If you have any questions about your child's learning, please contact the school by emailing: [office@thesnaithschool.org.uk](mailto:office@thesnaithschool.org.uk)

I look forward to updating you further regarding curriculum in the near future.

Yours faithfully,

Mr D. Nichols  
Director of Curriculum
