

I'm Emma Frost, mum to a child at The Snaith School and a manager in the insurance industry, where I lead teams responsible for automation and digital processes that improve customer experiences and support day-to-day operations. My role involves balancing people, technology, and problem-solving, while making thoughtful decisions that support both long-term goals and immediate needs.

As a parent governor, I want to use my experience in leadership, teamwork, and continuous improvement to support the school in a practical and constructive way. I'm passionate about helping ensure every child feels supported, encouraged, and able to achieve their potential, while also providing appropriate challenge and support to help the school continue to grow and succeed.
