

Mrs Janet Wright – Parent Governor

I am an experienced senior manager having worked within global organisations for over 30 years, and with specialisms in Operations and Risk Management. I bring extensive experience in strategic planning, operational delivery and leadership.

I have been actively involved on a voluntary basis with the school since 2018 when my daughter joined Year 7. During this time, I have worked to secure delivery of the 3G football pitch and also joined the Snaith School Association, for which I currently act as Chair.

I have a strong desire to support The Snaith School through working as part of the local governing body and bringing my knowledge and experience to benefit the school and its educational outcomes. I am eager to represent the view of parents as we all strive to make the school the very best it can be.
