

Nick Holmes

I feel privileged to have been part of the Governing Body of The Snaith School for the last three years and now serving as Chair of Governors I am very much looking forward to being a part of shaping the journey of all the pupils and the school.

I am an ex pupil of the Snaith School and my son is a current pupil and I have been delighted with the provision he has been given over the last four years.

I am currently a Chair of Governors at a local primary school and have 10 years of governance experience, which I can bring to this role. I hope to help the school to continue to provide excellence in education and build relationships between the parents and the school.

As a parent governor I am committed to working in the best interests of the school, but to balance this with a natural desire to see the best outcomes of all students that attend The Snaith School.
