Dear Parents and Carers,

Keeping children safe online is an important part of supporting their wellbeing. Online gaming is a popular activity for many young people, and understanding how it works can help you support your child in using it safely.

Here is a guide for parents that answers common questions about online gaming and provides practical advice on topics such as communication with other players, managing in-game purchases and encouraging healthy gaming habits.

You can read the guide here:

For further guidance on online safety and supporting your child's digital wellbeing, please visit our school website and explore the Online Safety Hub.

Kind regards,

Mr R J Wilson
