The school has opened up two ICT rooms (32/33) until 5pm Monday to Thursday, to be used exclusively by Y11 students. Hot Chocolate and Biscuits are provided. This is an ideal environment to complete homework and revision in a quiet environment.

We are also hosting Period 6 revision sessions 4 nights per week. A copy of the revision timetable can be found by following this [link](#). Every session attended will help support your child's preparation for their examinations and will help boost grades.

We are also aware that some students are unable to attend P6 revision sessions due to transport issues linked to parental working hours. We are happy to accommodate students up to 5.45pm Monday to Thursday. If you would like your child to remain in school until this time to await their lift, please contact reception specifying which days your child will be staying late. The library will remain open until 5.45pm with students able to access online revision materials.

Thank you for your continued support.
